### **Agenda**

1. Introductions

2. Announcements

- Arizona Library Association's Government Information Interest Group - AzLA meeting programs
- Update on new meeting software - has a replacement for WebJunction been determined?

3. Education Committee

- Government Information in the 21<sup>st</sup> Century project ([www.webjunction.org/Gi21](http://www.webjunction.org/Gi21)) and maintenance of the pages
- More ways to get e-information to Arizona citizens
- 6 state virtual depository library meeting (August 11-17, 2010)

4. Law libraries and the Access to electronic legal information in your state - AALL initiative

5. State Plan Committee (<http://azdlcstateplan.wikispaces.com>)

Robin Haun-Mohamed (GPO) informed us that the state plan is the document that guides us and makes sure services are consistent across the state; it would also be great for it to state our vision for the future. Everyone was asked to review the state plan wiki to be sure it reflects our situation. We may want to consider adding titles (as an appendix) for which we want back files at a particular library. It was suggested that after the plan is complete, that we come up with priorities we want to work on for each year. Please send ideas or changes to Sandy Rizzo and Pat Esposito before the end of the year.

6. Substitution for Tangible Guidelines.

7. DLC meeting (Buffalo, NY) update

8. Depository library updates
